

Touchdown Football Math Game

Here is an easy game to play with the kids, during the Superbowl.

During each period of the game. Add up the number of points available for a football game.

Touchdown-6 points

After-Touchdown Conversions Kick-1 point

Run or pass-2 points

Field Goal-3 points

Safety-2 points

Add up the number of points in a period or in the whole game. How many points does each side have?
